WALLCUR NEWS

The team at Wallcur is looking forward to an exciting 2019! Our expanded Practi-Product line, custom product capabilities, and new partnerships in clinical simulation enhance our ability to provide educators with the best clinical training tools and practice medications on the market. Wallcur understands our responsibility as your clinical teaching partner to make Practi-Products the most realistic, innovative, highest quality practice medications available. Together, we can continue building the necessary skills and positive mental attitudes that will inspire our future practitioners and healthcare leaders of tomorrow.

In an effort to best serve our customers, please note that we have updated a few of our ordering policies for 2019:

- Minimum amount for all orders will be \$50.00 USD.
- Online orders placed through our general website can be made using a credit card. Please submit PO's via email, phone or fax.
- If you are not completely satisfied with your purchase, products can be returned within 30 days of order date (with a 20% restocking fee).

For more information on all our products and policies, please visit our website www.wallcur.com or contact us directly.
